

4-H Canada Leadership Excellence Awards of Distinction (L.E.A.D.)

The Leadership Excellence Awards of Distinction (L.E.A.D.) show cases the accomplishments of four special 4-H senior youth members each year, and recognizes their outstanding achievements in the area of leadership excellence.

The L.E.A.D. awards recognize outstanding 4-H'ers who epitomize 4-H youth empowerment. We are looking to acknowledge and honour confident, accomplished 4-H'ers who have gained critical life skills and leadership through their 4-H experience. The award winners will also demonstrate how they positively impact their community through their 4-H experience.

4-H Canada is proud to partner with CN in offering this distinguished award. 4-H Canada is grateful to CN for their support of youth in rural communities across Canada.

Selections for L.E.A.D. will be based on how well the applicant demonstrates Personal Impact, Community Impact and Leadership Excellence in one of the following four award categories:

AWARD CATEGORIES

1. Leadership Excellence in Community Engagement & Communications

To be in the running for this award, 4-H'ers will demonstrate their contributions to their club, community, country, or beyond! Leadership Excellence within the Community Engagement & Communications Pillar will be measured by a 4-H'er's participation in volunteer activities, involvement in community improvement through service, and demonstrated commitment to creating positive change in the world.

Being an outstanding young leader in the field of Community Engagement & Communications means:

- Making a positive difference in the world around them
- Seeking out ways to lend a hand and to take action
- Advocating for what matters to them, and helping others to do the same
- Being a role model for the change they want to see in the world

2. Leadership Excellence in the Environment & Healthy Living

To be considered for an award in this category, 4-H'ers must have demonstrated Leadership Excellence by contributing to personal health and the health of others. They must lead by example in the way they treat and take care of themselves, the people around them, and the planet. 4-H'ers who show leadership in this area are passionate about health and well-being, act as healthy living role models for their peers, and/or put solutions into practice for improving the health and sustainability of the environment.

Being an outstanding young leader in the field of the Environment & Healthy Living means:

- Be stewards of the environment and develop sustainable solutions
- Taking care of themselves and others
- Learn positive ways to stay healthy and active
- Make informed choices about their health and the health of the planet
- Dig in and get their hands dirty!

3. Leadership Excellence in Science & Technology

This award is intended to honour those who are passionate about learning the ins and outs of the world of science and diving into hands-on projects and activities. 4-H'ers who demonstrate leadership and innovation in this area are actively involved in the fascinating world of science and technology, and are teaching others about the impact science and technology have on everyday life.

Being an outstanding young leader in the field of Science & Technology means:

- Engaging in the science and technology world
- Exploring ideas and career opportunities related to STEM
- Explaining how systems work and how agriculture is benefiting from STEM innovations
- Expanding their minds through experiential, inquiry-based learning

4. Leadership Excellence in Sustainable Agriculture & Food Security

Candidates for this award are committed to growing and sharing skills and knowledge related to sustainable agricultural practices and the vital importance of food security at home and abroad. They are innovative leaders who not only appreciate, but enjoy learning and teaching others about the food we grow and eat.

Being an outstanding young leader in the field of Sustainable Agriculture & Food Security means:

- Appreciate and learn about the food we eat and grow
- Explore innovative and sustainable farming practices
- Discover new ways of improving nutrition and food security
- Exchange ideas and solutions at home and globally
