4-H in Kosovo

4-H has been developing and growing in Kosovo over the last few years, and this is your opportunity to connect with members and the 4-H program that is making a significant impact in the country!

To get some insight into the program, check out the [blog post from Clirim Sheremeti](#), who runs 4-H Kosova and attended the 4-H Global Network Summit here!

What to Expect

You will have the opportunity to:

- experience local food and culture
- visit historic places
- go hiking with their host families and as a team
- participate in farm visits and demonstrations by local farmers on local and national agricultural practices

You will also visit 4-H clubs, get to talk to the members, and see the impact of 4-H in Kosovo first-hand. We hope you will be inspired to bring new ideas home with you!

Quick Facts

- More than half of the country's land is agricultural.
- Main agricultural products are vegetables and fruit, with dairy and meat on the rise.
- About 40% of the country is covered by forest. Most of the trees in the forest are oak and pines.
- The Olympic Games in Rio 2016 were the first to host athletes competing under the Kosovo flag.
